Negro Dismissal

PRESIDENT IS DETERMINED

Will Not Change His Deci-
sion Unless Facts Were
Incorrectly Given

(Scripps-McRae Dispatch.)
WASHINGTON, D. C., Nov. 21.—A dispatch from the president this morning said he would not suspend the order of dismissal of the negro soldiers, unless new facts were discovered worth cabling him. He states this action is taken after due deliberation.

The only matter to which he can pay heed is a presentation of facts proving the old report wholly or partly untrue or clearly implicating some individual.

Taft Subsidies
WASHINGTON, D. C., Nov. 21.—This morning Secretary Taft announced that immediately upon his return to Washington, and upon learning that the president refused to reconsider the order dismissing the negro troops, he ordered the execution of the order without delay. All reports and speculation to the contrary are unfounded.

President in Porto Rico
PONCE, Porto Rico, Nov. 21.—The president arrived and was received at the landing at 8:50 o'clock by Governor Winthrop and other officials. The town was profusely decorated and crowded with people from the surrounding country.

ON TRIAL FOR
WIFE MURDER

(Tribune Special Service.)
MINNEAPOLIS, Minn., Nov. 21.—The case of Henry Sussman, accused of the murder of his wife in the Glenwood hotel two months ago, was called for trial today in the district court. Sussman confessed to the murder after his arrest and it is believed probable that he may plead guilty so as to avoid the strain of a trial.

TO REGISTER TOBACCO WAREHOUSES

All tobacco houses in the western Wisconsin district must be registered with W. R. Kempter, deputy collector of revenue for the La Crosse district, according to instructions received by Mr. Kempter this morning.

Heretofore the custom has been for the company controlling the warehouses to register as one firm. Thus the American Tobacco company registered for the American Tobacco company, the registration covering all factories. Each warehouse and factory must be registered now. The order was received from J. B. Monahan, collector of internal revenue.

The order follows:
"Under a ruling of the honorable commissioner of internal revenue, a certificate of registry as dealer in leaf tobacco and record (book) 59 must be maintained at every warehouse in this district. Agents of dealers in leaf tobacco, whose principal place of

METHODIST BISHOP
DIES IN THE WEST

(Scripps-McRae Dispatch.)
TULSA, I. T., Nov. 21.—Bishop Tigert of the Methodist church in the south, of Louisville, Ky., died here this morning. He was attacked with tonsillitis a week ago and grew worse rapidly.

SENT OBSENE
LETTERS IN
U. S. MAILSMerle Dodge of Groton is
Bound Over by U. S. Com-
missioner Bigham

Merle Dodge, Groton, Brown county, S. D., was arraigned before United States Court Commissioner Roy E. Bigham yesterday afternoon on a charge of sending obscene letters through the mails.

Dodge waived the preliminary hearing and was bound over to the United States district court for trial at Sioux Falls, S. D., on April 2, 1907. Bail was fixed at \$200, which Dodge was unable to furnish. He was ordered confined in the county jail.

Assistant United States District Attorney Henry H. Morgan alleges in the complaint that Dodge deposited the letter, which caused his arrest, in the Groton postoffice on or about July 22. The letter was addressed to Lewis P. Dodge, Mauston, Wis.

United States Marshal Jonas arrested Dodge and brought him to La Crosse for hearing.

The offense against the mails is not a serious one, but is punishable by a stiff fine and imprisonment.

The prisoner expects to be able to furnish bonds and secure his freedom until the case is called for trial.

SEARCHES POLICE STATISTICS

Bowen Crandall, a representative of the census bureau at Washington, is securing statistics on the police department of La Crosse. The figures will be used in connection with those secured in other cities.

FIVE SEEK TO EN-
TER MAIL SERVICE

Five took the examination for mail clerk and carrier at the federal building this morning. The examination was conducted under the civil service rules. The examiner, Gustav Wenzel, is not informed of the names of the applicants for positions.

MYSTERIOUS PACKAGE OF
DRESSES AND LACES
AT POSTOFFICE

"Whose it is, I can't tell," said Assistant Postmaster Looney this morning.

A large mail package, lacking 17 cents in stamps, was on the official's desk. The package was mailed at the La Crosse postoffice on Oct. 13, but the postal officials are unable to find the sender or obtain trace of the address to whom the package is to be sent.

The address of a prominent society woman is given on the outside for return in case the mail is not called for. The woman knows nothing of mailing the package and believes that a servant must have had charge of it.

On opening this morning, Mr. Looney found several light dresses with aprons and a lace collar. In event the package will be sent to the dead letter office at Washington for disposal. The address given on the package follows:

"Miss A. T. Weigand,
"197 Hennepin ave., Minneapolis."

PROMOTIONS ON
NORTHWESTERN

Several promotions were made on the Northwestern road recently and took effect on the 19th inst.

W. D. Beck who has been superintendent of the Madison division has been transferred to a similar position over the Galena division with head offices in Chicago.

P. J. O'Brien has been appointed superintendent of the Madison division in place of Mr. Beck.

Other changes have been made throughout the system.

CELEBRATES HER
91st BIRTHDAY

Mrs. Anna Hoff was entertained last evening at the home of her daughter, Mrs. Peter Johnson, 1228 Caledonia street, at a 6 o'clock dinner in honor of the ninety-first anniversary of her birth.

The rooms were very prettily decorated for the occasion and all enjoyed the evening very much. About fifty guests were present.

H. E. WHEATON BUYS
NORTH SIDE ARGUS

The business management of the La Crosse Argus will hereafter be in the hands of H. E. Wheaton of the La Crosse magazine, he having today purchased the controlling interest in the Argus.

Mr. Wheaton will continue to publish the La Crosse magazine as well and will at the same time enlarge the La Crosse Argus from a strictly North side paper to one of wider scope. Mr. Wheaton takes charge at once.

NEGROES TO PROTEST WITH
ROOSEVELT AND OBJECT
TO TILLMAN

(Scripps-McRae Dispatch.)

CHICAGO, Ill., Nov. 21.—Negroes have called a mass meeting for Thursday night to protest against the dismissal of the negro troops, to prevent Tillman's speaking in this city and to discuss the official count of the recent election which shows Bar nett, colored, was not elected as supposed by police returns, to the municipal court.

Adam Paulus of Marshfield, member of the firm, Inland Printing company, is in the city looking after his interests.

HILL COMES
OUT FAVOR-
ING FARMERSRailroad Magnate Says Only
Federal Grain Inspection
Will Amend Evils

(Scripps-McRae Dispatch.)
MINNEAPOLIS, Minn., Nov. 21.—J. J. Hill took the side of the farmers today when he testified before the grain trade hearing of the interstate commerce commission.

He declared grave evils existed in the grain trade against the farmers, that public elevators should not handle grain, that federal inspection alone could relieve conditions, and that while the laws regulating grain inspection and handling were good, they were not enforced.

He stated the success of his road depended upon the success of the farmers. He denied that he nor any member of his family owned any stock in any elevator. He admitted he had nearly matured a plan for the Great Northern to acquire elevator systems along its route, but added: "If discovered the courts would not allow it."

"Elevators should give the farmers receipts that would be like drafts. Thus the farmer could practically ship his whole wheat crop for a 2 cent stamp."

P. B. Smith, president of the Minneapolis chamber of commerce, admitted the assertion that grain men fixed the price of wheat each day and telegraphed the elevators what to pay farmers for wheat. He said grain men allowed themselves 3 cents per bushel for handling the wheat when they thus fixed the prices.

MURDERER GUAR-
DED BY SHERIFF

(Scripps-McRae Dispatch.)
HERKIMER, N. Y., Nov. 21.—Chester Gillette was taken to court under heavy guard this morning, the sheriff having heard a rumor of an attempt to lynch him.

The reading of Grace Brown's plaintive letters yesterday incensed the people against the accused murderer.

CONCRETE BLOCK
NOT DRY, FALLS

(Scripps-McRae Dispatch.)
ROCHESTER, N. Y., Nov. 21.—Three were killed and eight injured in the collapse of a building in the course of erection at Kodak Park this morning. Some of the injured may die.

The collapsed building was of concrete and brick.

The supports were removed and the concrete which had not dried, fell. Three workmen were killed and one was fatally hurt.

MILLIONS LOST
IN TOULON FIRE

(Scripps-McRae Dispatch.)
TOULON, Nov. 21.—The main portion of the dock yards of the great forge and iron works where a number of foreign warships are building was destroyed by fire this morning with a loss of several million dollars. The warships were saved.

LA CROSSE BOY IS
DISBURSING AGENTEdward Williams Formerly
of West Salem on
Panama Work

Edward Jesse Williams, a La Crosse county boy, the son of John E. Williams, West Salem, has been appointed disbursing agent for the entire Panama canal, under the new system of President Roosevelt in having seven departments in the construction of the waterway.

Congressman Esch has received word of the appointment of Mr. Williams and also the news that he expects to reach La Crosse shortly on a sixty day visit to the United States.

Mr. Williams formerly was employed in the disbursing department of the Chicago & Northwestern Railway company. When T. P. Shonts was made chairman of the canal commission, Mr. Williams was made paying teller, having charge of a large portion of the funds at the canal.

With the policy of President Roosevelt to make each man the head of one of the seven departments, Mr. Williams was placed in charge of the disbursing department. He became acquainted with Chairman Shonts while employed on the Northwestern. He reached a high position with the railroad company, working up from the bottom.

That the position accorded Mr. Williams is a responsible one is manifest when it is considered the millions of dollars that will pass through his department in the construction of the canal.

"Another La Crosse county boy has advanced a notch in the world and given a responsible national position," said Mr. Esch after hearing the news of the appointment of Mr. Williams. "He will have charge of the entire disbursements at the canal."

"You know it is the plan of President Roosevelt to have Chairman Shonts oversee the entire work, appointing a man to take charge of each of the seven departments. It was thus that Mr. Williams was appointed."

"Mr. Williams has been at the canal for a little over a year. I understand that he is to pay a visit to the states soon and probably will come to La Crosse for a part of the sixty days' vacation. Mr. Williams did not like to make the trip before the president visited the canal and now that the inspection has been made, he may be looked for here almost any time."

J. M. Perce, one of the county poor commissioners, is an uncle of Mr. Williams. A brother resides in La Crosse.

WIFE GETS BONDS

(Scripps-McRae Dispatch.)
CHICAGO, Ill., Nov. 21.—George J. Munro of Joliet, who was arrested on a charge of co-operating with Thomas P. Daniels, who was accused of conducting fraudulent bond underwriting concerns, was released on bond this morning, his wife securing bondsman.

Munro and other defendants were arraigned before United States Commissioner Foote this afternoon.

STORMY WEATHER TONIGHT

Northwestern States are in
Grasp of First Snow
Storm

Snow, beginning in a light drizzle at 7 o'clock last night, has fallen for the last twenty hours, with the prospect of thirty-six hours. Over six inches of "whiteness" has descended today, La Crosse experiencing the hardest storm of the season and one of the earliest in several years.

The storm is general throughout the northwest, with the center over Illinois. In Wisconsin, Iowa, Minnesota, Ohio and Illinois, there is a precipitation, generally snow.

A continuance of the storm is forecasted for tonight by Weather Forecaster Oberholzer. Tomorrow only flurries are expected, while there will be no great drop in temperature, although a slight fall is expected.

In the south a general storm is raging, nearly seven and a half inches of rain having fallen in Memphis, Tenn., in the last two days. The rainfall also is heavy through the central Mississippi valley. The Ohio river is rising rapidly because of the rain.

Throughout eastern Minnesota and western Wisconsin snow was reported this morning. At Green Bay, Milwaukee and Chicago rain is falling. The turn from rain to snow was made near the southern Wisconsin boundary.

La Crosse may expect snow during the entire night with a suppression of the fall toward morning. Flurries may occur tomorrow, but the fall will not be heavy and do any great damage.

Street car traffic was maintained with difficulty today. The La Crosse City Railway company, unprepared for the heavy storm, and equipped with only one plow, was taken at a disadvantage. It was difficult to maintain schedules of any sort late this morning and during the entire afternoon.

On the railroads trains were delayed a little by the storm.

The rain began falling last night about 7 o'clock in a drizzle which bore every sign of stopping. About 10 o'clock the rain turned to snow, sleet falling for a few minutes. Since the turn from rain, the snow has continued.

Snow in Iowa
(Scripps-McRae Dispatch.)
DES MOINES, Ia., Nov. 21.—A snowstorm, already four inches deep, is sweeping over Iowa.

Snow Throughout Northwest
ST. PAUL, Minn., Nov. 21.—Snow and wind is reported in all northwestern states today, with prospects for a continuance through tomorrow with colder weather following in the west. In some places the storms assume the proportions of a blizzard.

WEATHER FORECAST

• Snow tonight and probably
• Thursday; not much change in
• temperature.
• Coolest, 26; warmest, 28; wind,
• 12 miles.

POLITICS AND POLITICIANS
The successful candidate for state treasurer is a master baker by trade. Since his election he has sold his bakery and states that he will devote his entire attention to the duties of his office.
Sheffield Ingalls, son of former Senator John J. Ingalls, is to be a member of the next Kansas legislature.
Gen. Charles R. Brayton, the republican leader for the past 30 years was waged in the recent campaign, in Rhode Island, and against whom a strong political and personal fight has announced his retirement from politics.
It is believed the next United States senator from Delaware will be either Judge James Pennewill of Dover or H. A. Richardson, a wealthy resident of the same city. Both are prominent republicans.
Governor Stokes of New Jersey has declined to become a candidate for United States senator to succeed John F. Dryden. The senatorial fight in New Jersey this winter will be one of the most interesting anywhere in the country.
Louis Stuyvesant Chanler's small plurality in the great state of New York, which casts not far from a million and a half votes, recalls the 1047 recorded for Cleveland over Blaine in the presidential election of 1884.
Simon Guggenheim's probable election as United States senator from Colorado is particularly interesting as illustrating the tendency among captains of industry to assume important political positions.

WATCH MAKERS
Require Steady Nerves for Fine Work
Sitting at a watch maker's bench day in and day out is tedious work, and if the workman suffers from headache, nervousness and indigestion, as he is liable to do from his sedentary occupation, he requires special food to put him right. A Seattle man writes:
"I am a watchmaker and have sat pretty constantly at my bench for 15 years, and have suffered badly from indigestion and its many evil effects, such as headache, dizziness, nervousness, etc. I always had a weak stomach until I began to use Grape-Nuts.
"I didn't seem able to find anything that would digest properly with me for breakfast or supper, and my four children inherited the weakness from me.
"Now, I place 4 teaspoonfuls of Grape-Nuts in a dish, then set it in the oven. When good and hot I eat it with cream. This with some other food gives me a nice hot breakfast. For the children we give each one 3 teaspoonfuls with warm milk, which softens it and they like it better.
"We have practically the same for supper and are not troubled in sleep with an overloaded stomach. With this diet we keep our digestion in fine condition and our continual good health and fat rosy boys prove that we are on the right track.
"I have gained in weight and have found a food in Grape-Nuts that has saved me lots of doctors' bills for the children, and has given me a clear head, steady hand and good digestion for the past two years.
"One must have a steady nerve and feel well to work on fine watch work, and the use of Grape-Nuts twice a day, has kept me right up to the mark."

NORTH SIDE WEDDED ON NORTH SIDE TODAY

Miss Hazel Johnson, 1418 Avon street, was united in marriage this afternoon at 4 o'clock at the home of the bride to Theodore Smith of North Fourth street, South side.
Rev. Eliot Hansen of the Norwegian Methodist church of Sill street performed the ceremony in the presence of a number of relatives and friends.
Miss Johnson is about 17 years of age and Mr. Smith is about 25 years old. The wedding no doubt comes as a surprise to Miss Johnson's large number of friends.
They will make their home on the South side.

FOOD INSPECTORS ON NORTH SIDE

Two state food inspectors are busy "making the rounds" on the North side today.
They visited several of the stores, buying a few articles and then inspecting various articles in the store. They were at the store of A. W. James on Berlin street for some time this morning. Mr. James is on his way to Florida and the visits are made at all the stores when they are entirely unexpected.

SPECIAL SERVICES FOR NEW TEACHER

Special services were held Sunday at the German Lutheran church on Avon street in honor of the new parochial teacher who recently arrived to assume his duties in place of Mr. Krieg who resigned some time ago.
John Lowitz, the new teacher, taught for some time at Saline, Mich., and later in Minneapolis. He will reside at 1231 Kane street.

MRS. THUROW IS GIVEN SURPRISE

Mrs. G. W. Thurow, 1128 Avon street, was very pleasantly surprised yesterday afternoon at her home in honor of the anniversary of her birth, by the Ladies' society of the German Lutheran church.
Dainty refreshments were served and a beautiful gift tendered Mrs. Thurow. All enjoyed the afternoon very much.

NORTH SIDE BRIEFS

Most North side people are having their residences wired by the Electric Supply & Construction company, 227 Main street. Why don't you?
Mesdames D. O. Weida and R. A. Taylor returned yesterday from a short visit in Chicago.
Mr. and Mrs. Spence Miller of Avon street, are the parents of a baby boy. Mr. Miller recently sold his barber shop on Mill street and is at present employed at the Milwaukee round-house.
Norman Herrington of the Burlington road at Grand Crossing who fell from a box car a few days ago is able to be around again.

MUDGE AND MORTON
Musical act at the Bijou this wee. Just returned from a trip abroad.

BIJOU'S ATTRACTION

The Bijou offers a splendid bill this week. The show is well balanced as every act is good and somewhat different than past performances.

Mudge & Morton are high class musicians and Miss Morton has an exceptionally powerful soprano voice. Her singing and charming appearance wins her audience from the start. Mudge and Morton have just returned from a trip abroad where they appeared before the crowned heads of Europe.

Sims, the comedy cartoonist, is also a hit. He is not only an artist with the crayon, but a comedian as well, and he keeps the audience in good humor with his songs and sayings while he is drawing cartoons.

Mitchell and Love are clever song and dance artists and their sketch entitled "In Honor of the Irish," is interesting as there is a slight touch of pathos connected with it.

Miss Maude Gillette is a coon shouter, and a good one. Miss Gillette is also a clever dancer.

The illustrated song by Lawrence Wall, entitled "Somewhere," receives its share of applause, and the moving pictures are a feature. "The Miller's Daughter" is the best story picture ever presented to a La Crosse audience.

MARYLAND FIELD TRIALS

"I felt at once that I had at last secured the right medicine and I kept steadily improving. Within three weeks I was fully restored, and I am glad that I gave that truly great remedy a trial. I will never be without it again."
In a letter dated August 31, 1904, Mrs. Marsh says: "I have never yet heard the efficacy of Peruna questioned. We still use it. I traveled through Kentucky and Tennessee three years ago, where I found Peruna doing its good work. Much of it is being used here also."—Henrietta A. S. Marsh.

AT THE THEATERS

Tim Murphy who has delighted us many times by his portrayal of quaint and simple stage characters is to be seen again in a role of this kind for he has made a fine revival of his success of some seasons ago, "Old Innocence," and will present that delightful comedy at the La Crosse theater tonight, assisted by a splendid company which includes Dorothy Sherrod, Louise Whitfield, Mrs. Aubrey Powell, O. J. Griffin and others in prominent parts. "Old Innocence" was some seasons ago one of the most satisfying entertainments in the repertoire of this clever comedian for the part of Jason Green so well fitted him that it became distinctly foremost among the list of his greatest efforts and he most notably scored in the character. His revival of "Old Innocence" at this time bespeaks excellent judgment for no better play has been ever given by Tim Murphy and no more interesting role than that of Jason Green has yet been seen in comedies of this class.

When a big musical comedy is produced the management usually figure that if among the various numbers there happens to be two or three pos-

itive successes they are in possession of a winning attraction that the public will flock to see, and invariably such is the case. In Mr. Howard Webster's gorgeously produced musical play "Everybody Works But Father" he has supplied twenty-eight brand new numbers, solos, comic and otherwise, as well as duos, trios, quartettes, octettes and concerted offerings, and it is with pardonable pride the management claim that there is not one song or ensemble number introduced that has not been received with storms of applause. Perhaps the credit for such results belongs to the singer, or perhaps to the song. However, the fact remains that "Everybody Works But Father" has proved to be a theatrical record breaker of the season, and there must be cause for the effect. It may be briefly described as the one exhilarating comic relief from a succession of affairs that have placed many theatergoers in a jaded mood of mind.

Coming to the La Crosse theater Saturday, November 24, matinee and night.

NEW UNIQUE SHOW

No. 11,848, held by Roy Fitzwater, 221 South Front street, won the gold watch at the Unique theater last evening. Another watch will be given away next Friday night.

The show at the Unique this week is one that nobody can afford to miss. It is one long laugh from start to finish.

Winnings and Evans in songs, dancing and jokes are as good as anything in their line. Robby Rankin, in musical comedy makes everybody laugh. Jerome White, illustrated song singer, Ethel Lynum in popular songs, and the latest moving pictures, the best that can be got, are always at the Unique. Don't miss the show this week.

THIRST OF HORSETHIEF'S
SUBDUES HIM

PRESTON, Minn., Nov. 21.—Jesse Reed pleaded guilty to a charge of horse stealing. Reed, who is colored, hails from Austin and has served a term each at St. Cloud and Stillwater, and now goes back to prison for five years. He is unruly and has given the officers much trouble. They had to deprive him of water for several hours on one occasion to compel him to retire to his cell when he had been allowed in the corridor.

CHEAP FARES FOR
MILWAUKEE

MILWAUKEE, Nov. 21.—Milwaukee is to have a 3-cent car fare, though it may be some time before it comes. The town of Milwaukee has granted the Milwaukee Northern company, which is building an electric line from the north to the city, a franchise on the condition that it give a 3-cent fare from Lindworm farm into the city. The Milwaukee Street Railway company was a competitor for the franchise, but the Milwaukee Northern won by agreeing to the low fare proposition. It also guaranteed to have its road in operation within one year.

IN MEMORY OF
CARL SCHURZ

(Tribune Special Service.)
NEW YORK, Nov. 21.—Not since the meeting held to voice the grief of New York over the death of McKinley has there been such a noted gathering of similar character and purpose as that which takes place in Carnegie hall tonight in honor of the memory of Carl Schurz. Joseph H. Choate, former ambassador to Great Britain, is the presiding officer and the list of scheduled speakers includes men of such wide note as former President Grover Cleveland, Secretary of the Navy Bonaparte, Prof. Hermann Schumacher of Bonn university, President Eliot of Harvard university and Booker T. Washington of the Tuskegee institute.

MOTOR BOAT CLUB

(Tribune Special Service.)
NEW YORK, Nov. 21.—It is expected that when the election takes place at tonight's annual meeting of the Motor Boat Club of America an entire new set of officers will be chosen. Edward J. Schroeder is slated to succeed A. D. Proctor Smith as commodore. The meeting will be followed by a banquet at the Hotel Astor, to which Sir Thomas Lipton and other notables have accepted invitations.

DISPASSIONATE, THEREFORE CONVINCING

On page 1 of last night's issue appeared letter No. 4 of the Retailers' Journal series devoted to opposing the growth of the mail order business. Did you READ IT, Mr. Farmer?

This letter deals with the mail order catalogue as an instrumentality in creating unkind feeling between city and county. With our own county tax fight happily settled with some degree of fairness to the county taxpayers but still fresh in memory, this letter will be read with interest and profit. It discusses a distinct and important feature of the mail order problem. There are in it gems of logic that should militate against the driving away of our native wealth in dealings with, to us and our interests, nonproductive institutions.

The discussions of the Retailers' Journal are noteworthy for one great merit. They compose a careful treatise on the subject as dispassionate as convincing. This adherence to calm arguments lends force and ignity to the effort. No sensible person will contend that mail order houses have no right to do business; the issue is not their legitimacy but the advisability of declining to do business with them on grounds of expedience and common sense. Tirades of abuse do not help solve the problem, which is one of so great import as to merit and demand our sanest and most calculating attention.

We hope our readers will continue to give the subject careful perusal. The question must be decided, and we hope every farmer and villager in La Crosse county will decide it coolly and with temperate judgment. There is a trace of sentiment involved, but it is really an issue for horse sense determination in which passion and prejudice should play no part. It is a dollars-and-sense affair.

SPELLING REFORMERS AT WAR

It has come. The worst fears are realized. The spelling reformers are at war among themselves. They have temporarily left off knifing poor old Orthography and gone to lambasting one another.

Prof. David Starr Jordan, president of Leland Stanford university, offered his resignation as a member of Carnegie's aggregation of word-pruners, declaring that there was "too much Matthews," says the St. Paul News.

Prof. Brander Matthews of Columbus university has retorted that it isn't so, that there is not too much of himself, and that, anyway, somebody has to do the work.

The public is not taken into confidence regarding the real source of disagreement between these two most eminent of all word-slashers. But there is ground to suspect that the proposal to knock the "i" out of all such words as "believe," "receive," etc., is at the bottom of it.

That "i" before "e" except after "c" has been a source of infinite trouble in the world ever since writing of the English language was invented.

If at last it has brought confusion and wrath even to a board of spelling experts no one would be surprised.

But there is other and more probable ground for disagreement between these two eminent simplifiers of spelling.

It is easy to imagine Prof. Jordan demanding that the superfluous "i" be cut out of the name of Matthews.

It may be this he is darkly hinting at when he says "too much Matthews."

And Prof. Matthews may be easily imagined demanding on the other hand that the extra "r" be chopped off the end of Jordan's middle name, "Starr."

There is no more reason or excuse for the "r" than for the "i" and indeed no excuse for either which a sincere word-slasher can consistently recognize.

True reform, like charity, should begin at home. And before either of these two eminent spelling reformers attempt to go any further, the public has a right to require that they both apply their rules to their own names, call their quarrel a draw, and ever henceforth do unto others as they would that others should do unto them.

Three mysterious assaults in quick succession have recently been committed on Pittsburg women and society is wondering what sort of organized thuggery is behind the incident. After reading the Hartje story one may fairly suspect that it is the work of the purity league.

Mr. Aylward having ventured to take notice of General Bragg an interminable discussion of everything abstract and inconsequential in the realm of politics is promised.

JUST LIFE

Worse Than Kansas Corn
Seven years ago a Welsh county farmer, whose modesty forbids the publication of his name, hung his vest on the barnyard fence. A calf chewed up a pocket in the garment in which was contained a standard gold watch. Last week the animal, a staid old milch cow, was butchered for beef, and the timepiece was found in such a position between the lungs of the cow that the process of respiration, the closing and filling of the lungs, had kept the stem winder wound up, and the watch had lost but four minutes two-and-a-half ticks in the seven years. It was one of the most remarkable occurrences we ever heard of. —Minto Journal.

DODGES DEATH THREE TIMES IN AN HOUR

AMHERST, Wis., Nov. 21.—Hit by two trains and nearly run down by a third, all within an hour, is the record for thrilling and narrow escapes from death held by August Petoka of Stockton. Petoka was on his way home from Amherst, and when crossing the Green Bay railroad tracks his wagon was struck by a freight train which he did not see approaching. The frightened team tore down the Wisconsin Central right of way into a deep cut. Petoka turned the team around and was nearly out when the wagon was struck and demolished by a Central train, but Petoka and the horses were unhurt. Petoka clung to the reins and was dragged onto the St. Paul bridge, where the station agent found him just in time to signal and stop a fast freight train which would have struck him.

OPERA SINGER ILL

Miss Lulu Elviss with the Standard Opera company which has played "Martha" and "Bohemian Girl" here, is ill at Hotel La Crosse and was unable to go with the company to Winona where they play tonight and tomorrow night. She hopes to be able to join her company at Prairie du Chien where they are billed after leaving Winona.

Recent regulations in Turkey aim to abolish completely the sale within the empire of foreign lottery tickets. Any receiver, seller, buyer or holder of a foreign lottery ticket is now liable to prosecution, incurring a fine of \$4.40 to \$13.20 for the first offense and \$13.20 to \$44 for a second conviction.

MISS YOUNG WILL ATTEND OFFICE FOR CONNOR

Miss Mable Young, daughter of City Treasurer George Young, will remain in the office of City Comptroller Connor until the latter is able to take charge of the affairs again. Mr. Connor expects to be out by the first of the week, at least, and perhaps sooner.

The special tax assessments for 1906 were adopted by the common council last night. No investigation or prying into the office of the city comptroller was made. Mr. Connor agreed to appoint a deputy to take charge until he is able to do so. Miss Young will remain in the office keeping it open that anyone desiring to transact business with the comptroller's office will have the opportunity.

No further action will be taken in the office. This is the opinion of Mayor Torrance. The newspaper charges of laxity have been dropped, the only lapse during the conduct of the office being during the illness of the official.

The council adopted the special assessments. Mr. Connor drove to the office in a cab yesterday, affixing his own name to the report.

Joseph Dolle was refunded \$200 for a liquor license which he did not receive.

WILL BARE BIG FRISCO STEAL

SAN FRANCISCO, Cal., Nov. 21.—It is learned on the best authority that the real cause of the present investigation in this city is the alleged looting of the relief funds. Many indictments will be found on other charges, and perhaps some of the biggest grafters will be sent to prison on conviction for other offenses, but the real inspiring aim of Assistant State Attorney Francis J. Heney is to bring home to Mayor Schmitz and "Boss" "Abe" Ruef the charge that they misappropriated the money sent to relieve the sufferings of the stricken people of San Francisco.

This ill be a week of indictments if Heney and Secret Service Agent Burns get the witnesses they are after. They expect to cause the filing of fresh charges against Schmitz and Ruef and every day in the week they hope to add to the list. The purpose in piling up indictments is two-fold. They desire to secure the moral effect of a volley and also prevent the possibility of escape of any guilty person through some technicality.

It is understood that after completing the investigation of the music hall graft, in which Ruef secured a 25 per cent interest in the Belvedere resort, he grand jury will begin probing the ranchise holdup and water steal, probably the biggest scandals in the history of the city.

Heney and Burns are busy arranging the evidence they have collected and intend to present it without delay. When the grand jury has considered all that Heney and Burns have discovered regarding the sale of franchises to public service corporations, it is believed the city will be amazed by the sensational nature of the indictments which will follow.

The franchise schemes implicate supervisors and others in and out of political life, as well as the mayor and Ruef. The district attorney and Heney regard the giver of a bribe as being as guilty as the man who receives one. So when the time comes to base indictments on the sale of the public service franchises the takers of tainted money will not be the only ones who will suffer the stigma of indictment.

The most notorious operation of the entire reign of graft probably was the holding up of the United railroads by Schmitz, Ruef and the supervisors for \$700,000 for the privilege of installing the overhead trolley on Market and other downtown streets. This sum was paid partly in cash and the remainder in stocks. It is not known just how the money was divided, but the man in the street says Ruef and Schmitz divided between them two-thirds.

There is a rumor that Supervisor Sanderson has confessed the transactions which disgraced the board. Heney and Burns do not deny it, and Sanderson remains in Los Angeles, away from the influence of Ruef.

A man prominent in the present investigation said: "We will put both Schmitz and Ruef in stripes. We have the goods on both of them."

THREE MORE HUMANE AGENTS

Upon the recommendation of the La Crosse County Humane society, a branch of the state organization, three more agents for La Crosse county will be appointed by Governor Davidson, Elias Jones, Bangor; A. J. Phillips, West Salem, and J. M. Pierce, Onalaska. Mr. Jones and Mr. Pierce are poor commissioners and quite willing to serve. Announcement was made of the appointment at the monthly meeting last night.

Humane Agent C. H. Berry submitted the names to Governor Davidson. All of the men have been prominent in the work with Mr. Berry and probably will do great good in the county. The burden of Mr. Berry will be decreased greatly by the promised assistance. The new agents will take care of all cases coming within their jurisdiction, hereafter. The rural cases probably will fall to the new appointees, while Mr. Berry will continue to care for the interests of the city.

The Rev. J. S. Lowe, pastor of the Universalist church, was chosen to act as delegate at the annual meeting of the Wisconsin Humane society in Milwaukee on Nov. 27.

Following is the monthly report of Agent Berry:

Number of complaints received	3
Number of visits made	90
Reported to poor commissioners	21
Neglected children	7
Arrest for neglect of family	1
Permanent homes found	1
Children removed from bad homes	1
Girls returned home	2
Horses killed	1
Dogs killed	2
Cats killed	1
Horses taken from work	3
Cases of overloading corrected	3
Cases under investigation	11

The society is in need of old clothing for the poor and will appreciate any and all donations.

YALE IS GOOD ENOUGH FOR THIS UTOPIAN

NEW HAVEN, Conn., Nov. 21.—Harry Lewis, the senior who found Yale too cramped and left it to join Upton Sinclair's Utopian colony, has returned to more cramped quarters than ever at the university. He was found in the bake oven at Dr. Skinner's sanitarium complaining because he had not even a "bow room."

"Yale looks good to me, all right now," said he, "but I did not jump Utopia because I have renounced socialistic ideas but because the life disagreed with me. I broke out with jaundice till I looked like Princeton's flag waving after a touchdown. That sent me home. I am going back to spend my Christmas vacation, but shall stick to my Yale course till I get my college degree."

"I came back here because about all the nursing they are doing at Utopia is in the nursery, while I was an able-bodied furnace tender. I found my stoking duties too husky before I left and was transferred to miscellaneous work."

"Two of the latest arrivals at the colony are Grace McGowan Cooke and her sister, Alice McGowan, the writers. They entered as 'residents'—that is, they pay board as in any hotel and are not compelled to work out their board as I was. The only difference in the conduct of the colony from that of a hotel is that the social equality of all the members is preserved. There are many residents and some of them 'commute' to New York every day."

Lewis, who lives in Sank Center, Minn., and Allan Updegraff of Chicago, both seniors, threw up their college course last month and went to Utopia. Updegraff still sticks to his place.

Dr. Skinner said: "Lewis got jaundice because he stuck to a vegetable diet, which is emphasized at Utopia. In his zeal he cut out meat almost altogether."

Lewis has slept forty of the forty-eight hours since he returned from Utopia.

KNIGHTS HEAR GRAND OFFICERS AND ATTEND BANQUET

District Convention Last Evening is Third to be Held in La Crosse; Hard Work is Ordered

Grand Chancellor Thompson and Grand K. of R. S. Burns, Short talks were made by other members. A number of knights were present from Bangor and other towns were represented, though the attendance was not as large as had been expected.

Following the work in the lodge room the visitors and members of the local lodges were seated to an excellent supper, accompanied by coffee and cigars. A general social session followed.

Another district convention will be held in this district next summer.

WISCONSIN LAND WILL BE BENEFITED

"The amendments to the Interstate commerce law, which becomes effective the first of the year, no doubt will effect land agents who have been conducting homesekers' excursions to the northwest, southwest and Canada.

"I believe the new law will be the means of boosting northern Wisconsin."

It was thus that a La Crosse land agent answered this query:

"What will be the general effect of the new law?"

"It has been customary for the railroads to grant agents passes," he continued, "but the new law will bar this practice, despite the fact that the railroads themselves are interested in booming western country. The practice has been to give an agent a pass to the point he desires to reach if he has three homesekers to take along with him. I feel the railroad companies will like to offer inducements to keep the western boom going, but what they will be able to do after the first of the year is a matter of speculation. Right now great interest is manifested in western farm lands. People are rushing to the west, many travel miles by team and hotels are crowded.

To Practice Economy

"In Wisconsin the new law will, in my opinion, be the means of interesting large numbers in northern Wisconsin. A land agent, unless almost certain of a sale will be reluctant to spend money for a long trip. That means the agent will start doing business closer to home so the carfare will not amount to so much."

The new law will be unquestionably put many of the agents dealing in southern, northwestern and Canadian lands at a serious disadvantage. It is certain that the company will never put all such agents upon its pay roll and the proposition will in all probability, resolve itself to a survival of the fittest.

PERFORATED ROCK IS A WONDER OF NATURE

One of the wonderful creations of nature not far from La Crosse, concerning which few residents of the city have knowledge is the perforated rock a few miles above the city on the Wisconsin side of the Mississippi. While not as wonderful as the natural bridge in the east it is nevertheless something on the same style of formation. It stands on the crest of a bluff separating the two valleys, and through the perforation a person on the side of the bluff in one valley can look through into the other.

Under the guidance of Prof. J. M. Holzinger a party of fourteen men, including a number of pedagogues, all from Winona, visited this perforated rock. Prof. Holzinger had been taken to it near there several years ago and this was only the second time he had visited it. The party tramped the whole way up there and back, enjoying the exercise in the fresh, bracing air, and finding the view at the objective point well worth the trip.

Crossing the Winona high wagon bridge the party went on the crossing of the ferry road and the Burlington railway and then continued west on the Burlington tracks for about a mile and a half, then taking the wagon road and skirting around the front of the bluff into a valley west of Castle Rock the route described a semi-circle and the ascent was begun of a bluff set somewhat back from those directly on the edge of the river. Reaching the top the course lay along it for from five hundred to a thousand feet and then the perforated rock was reached. Its location is such that it cannot be seen from the river, and this is perhaps the reason so few persons know about it.

The bluff on which this perforation of the rocks occurs is a narrow one separating two valleys, the one to the north being wider and longer and that to the south ending not so many hundred feet to the east of the perforation. Along the crest of this bluff for quite a distance runs a jagged line of rocks that in some places looks very like a stone wall. It is through a rock foundation like this that the perforation occurs. It is perhaps nearly twenty feet across and in width from valley to valley from ten to fifteen feet. It is not quite high enough to permit of a person standing erect. It could well be supposed that the hole had been quarried through the rocks, but it is a natural formation.

KNIGHTS OF CALOMBUS PLEASED

La Crosse members of the order are pleased with the action recently taken by the board of directors of the Knights of Columbus in making the state of Wisconsin a separate fourth degree district. August Rebhan of Milwaukee has been appointed master of the district. Heretofore Wisconsin has been affiliated with the Illinois jurisdiction and members from this state have been compelled to go to Chicago to receive the degree. Hereafter, the degree will be given in this state, under the charge of the master of the district.

It is announced that the first fourth degree will probably be given in Milwaukee on February 22, and it is expected that a large number of knights from throughout the state will attend to receive the degree. There are at present 270 fourth degree Knights of Columbus in the state.

CANADIAN PREMIER IS 65

(Tribune Special Service.)
OTTAWA, Ont., Nov. 21.—Sir Wilfrid Laurier, Premier of the Dominion received congratulations on the occasion of his sixty-fifth birthday. Sir Wilfrid was born at St. Lin, Quebec, Nov. 20, 1841, and has been active in public life since 1871 when he was returned to the Quebec legislative assembly. In 1874 he entered the house of commons and two years later he was appointed minister of inland revenue in the Mackenzie administration, but was defeated on going to his constituents for re-election. Quebec East, however, elected him and he remained faithful to him ever since. He assumed leadership of the liberal party in 1887 and in 1906 he became premier.

ANNUAL CONGREGATIONAL COFFEE BIG SUCCESS

HUNDRED AND FIFTY ATTEND THE SUPPER

One hundred and fifty attended the twelfth annual coffee given by the women of the Congregational church to the men at the church last night. The Rev. C. H. Beale, pastor of the Grand Avenue Congregational church, Milwaukee, was the principal speaker of the evening, responding to the toast "The Method of Progress."

Representative Esch, Prof. Albert Hardy and Prof. T. J. Larkin also spoke. The Rev. W. J. Turner said grace, while the Rev. Henry Kaville, pastor of the church, was toastmaster.

The Rev. Beale reviewed the progress as made in the past and gave a forecast of what might be expected in the future. If the prediction of the reverend gentleman comes true, industrial democracy, leaning toward socialism, may rule in the United States.

The doctrine of Christianity was touched upon in the great reforms which have ruled the world by the speaker.

"The Ladies" was the toast of Prof. Larkin, while Prof. Hardy took the opposite, "The Men."

Following are the committees having charge of the banquet:

Invitation—T. B. Lawrence, James Walker, P. E. Ciley, Ray Dickinson. Program—F. G. Tiffany, J. E. McConnell, G. W. Bunge.

Vocal music—R. C. Whelpley, John James, G. W. Burton.

Instrumental music—E. C. Josten, C. W. MacReynolds, C. H. Schweizer.

Reception—J. S. Medary, T. H. Spence, A. U. Jorris, J. M. Holley, G. R. Montague, C. S. Van Auker, A. Holbek, George H. Ray.

Peter Buzzetti and Fred Boulet, two former La Crosse men, lost their lives in the accident between the steamers Jeannie and Dix in Puget Sound last Sunday night. The news of the drowning of the two men has been received by La Crosse relatives. The bodies may be brought here for interment. Relatives are awaiting advices.

Made Happy for Life

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, Vt., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by O. T. Erhart's drug store. Price 50c.

MISS MAY GAVIN LEADS FIRST DISTRICT

SEVERAL CHANGES IN YES- TERDAY'S COUNT

In last evening's count, Miss May Gavin took the lead from Miss Nettie Williams, of the first district.

In the third district, Miss Klea Bullock still retains first place, with 33,850 votes, with Miss Amelia Brinkman second and Miss Christine Schmidt third. Miss Elizabeth goes back to fourth place.

In district No. 4, Miss Magna Larsen takes first place from Miss Etta Neiler.

Do not hold the subscriptions back but turn them in to this office as soon as you receive them, and get the votes that they entitle you to. The inducement this week is very liberal, and it affords every candidate in the race an opportunity to get a goodly reserve laid up for the future.

Don't wait for others to get the votes, but start today and make up for any time that you may have lost waiting for others to vote for you.

People like to help those that help themselves.

When sending in subscriptions be sure to state whether they are old or new subscriptions.

The managers of the contest have little knowledge as to which of the prizes the different candidates are aiming. From the few expressions that have been heard it appears that there is not one of the entire number who would not welcome to her home her choice of three \$500 pianos, for that matter, anyone of the three since all are of high-grade standard make.

Several have declared that they would be quite contented with the winning of one of the trips to Santa Cruz, the famous California resort that is visited every summer by over 30,000 pleasure and health seekers. The more modest and less aspiring contestants are open in the expression of their desires to win a scholarship and thus qualify themselves for a remunerative position in the business world. Many of these are in their secret hearts looking longingly at the pianos and cherishing thoughts of careless days down where the sounding ocean laps the white sands of the beach, or hurls itself against the giant rocks and jutting cliffs.

EVERYBODY SHOULD KNOW OF THIS PRESCRIPTION

Cut this out and put in some safe place, for it is valuable and worth more than anything else in the world if you should have an attack of rheumatism or bladder trouble, or any derangement of the kidneys whatever.

The prescription is simple, and can be made up by anyone at home. The ingredients can be had at every good prescription pharmacy and all that is necessary is to shake them well in a bottle.

Here it is: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup of Sarsaparilla, three ounces.

Take a teaspoonful after each meal and at bed-time. A few doses is said to relieve almost any case of bladder trouble, frequent urination, pain and scalding, weakness and backache, pain above the kidneys, etc. It is now claimed to be the only method of curing chronic rheumatism, because of its direct and positive action upon the eliminative tissues of the kidneys. It cleanses these spongy-like organs and gives them life and power to sift and strain the poisonous waste matter and uric acid from the blood, relieving the worst forms of Rheumatism and kidney and bladder troubles. The extract dandelion acts upon the stomach and liver and is used also extensively for relieving constipation and indigestion. Compound Sarsaparilla cleanses and enriches the blood.

As you or any one of your family, especially the old folks, may be attacked at any time, it would be wise to cut this out and save it.

A well known local druggist is authority that this prescription is safe to use at any time. He further states that it is being prescribed by the best physicians in the United States, whose fees for attending a case would amaze the people here.

Mix it yourself.

CONVENTION OF ICE MAKERS

(Tribune Special Service.)

FORT WORTH, Texas, Nov. 21.—Thirteen evidently is not a hoo-doo for the Southwestern Ice Manufacturers' association, for the thirteenth annual meeting begun here is the largest in point of attendance and promises to be the most profitable meeting ever held by the association. Members from Arkansas, Texas, Louisiana, Oklahoma and Indian Territory filled Imperial hall at the opening of the convention. The visitors, many of whom are accompanied by their wives, were cordially welcomed to the city by Mayor Harris. The association will be in session two days, the members exchanging ideas on the manufacture of ice, the handling of labor and other matters relating to the successful operation of an ice plant.

HILLIARD-POWELL WEDDING

(Special Tribune Service.)

ENGLEWOOD, N. J., Nov. 21.—St. Paul's church was the scene of a large and interesting wedding when Miss Grace Fortescue Powell, daughter of Mr. and Mrs. H. H. Powell, Washington, D. C., became the bride of Ensign Robert Bell Hilliard, U. S. N. Ensign Hilliard is the son of Robert Hilliard, the actor.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Miletus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at O. T. Erhart, druggist.

TOUR OF AFGHAN- ISTAN'S RULER

(Special Tribune Service.)

BOMBAY, Nov. 21.—A dispatch from Cabul states that Habibulla Khan, the ruler of Afghanistan, leaves today on his much-discussed tour of India. The visit of the ameer is looked forward to with much interest. It has been officially stated by the Ameer and confirmed by the British authorities that the visit is without political significance. But the invitation and its acceptance can hardly be regarded as otherwise than a move to further cement the friendly relations between Afghanistan and England. It is sure to be considered by Russia. "The crux of the matter lies in the fact that Afghanistan is the buffer which separates the Russian dominions from England's great empire of India and so long as Afghanistan remain friendly and under the influence of England the claws of the great Russian bear can never close in on India.

The Indian officials have arranged that the tour of the Ameer will be conducted with great pomp and ceremony. In addition to the large retinue that the Ameer brings with him he will have an imposing escort of British and Indian soldiery. Nothing will be left undone to impress the young ruler with the strength and power of Great Britain.

The young Ameer will be the more easily impressed as he never before has journeyed outside of his own domain. Such was not the case with his father, the late Abdurrahman Khan who died five years ago. He was a consummate politician and for years he flirted with both Russia and England to his own material advantage. To the day of his death he received a subsidy of more than half a million dollars a year from the British Indian government, with large gifts of artillery, rifles and ammunition to improve his military force. He spent many years of exile—before coming to the throne—in Russian Asiatic territory and had also visited various parts of Europe.

AMERICAN GIRL WEDS IN LONDON

(Special Tribune Service.)

LONDON, Nov. 21.—In St. James' Cathedral today Miss Gertrude A. Hurley of Lynn, Mass., became the bride of Capt. B. A. P. Schreiber, of the Twentieth Hussars. The wedding was attended by many of the members of the American colony in London.

LYNN, Mass., Nov. 21.—Miss Gertrude Hurley, who was married in London today to Capt. Schreiber of the British army, is the daughter of the late millionaire, Michael Hurley of this city. Miss Hurley received her education at the Sacred Heart Academy, Providence, and at the Convent of Visitation, Georgetown, D. C. About three years ago she went abroad to continue her studies and took up music under Bouhy of Paris. She spent her winters in Egypt and the spring in England. She also has traveled extensively in America. She is noted for her good horsemanship and is clever as an autoist. She has recently passed her twentieth birthday.

Capt. Schreiber was educated at Eton and Oxford, and from college went into the Twentieth Hussars. With his command he fought in the Boer war, receiving promotions and medals for distinguished service. He is said to be an expert polo player, and won the championship of England at Hurlington.

Every great man does things on the quiet that would make him feel quite small if they were found out.

HETTY GREEN'S BIRTHDAY

BOSTON, Mass., Nov. 21.—Mrs. Hetty Green, who is spending her winter in Boston, was 72 years old today. The latest edition of "Who's Who" gives 1835 as the year of Mrs. Green's birth, but she herself is authority for the statement that she came into the world a year before that date and is consequently 72 years old. Mrs. Green differs from the majority of her sex in many things and in the matter of stating her age she is no exception. She is "getting along in years" and she doesn't care who knows it.

There was no celebration to mark the birthday of the richest woman in America. She spent the day as she spends six days in the week, quietly looking after her business affairs and taking things easy. She is residing with her daughter in a boarding house that she owns in Howland streets, Roxbury. Mrs. Green owns nearly all the houses on both sides of the street. The street is named after her mother. Mrs. Green's chief purpose in coming to Boston at the present time is to secure a tenant for a house opposite the boarding house where she now is, and which has long been vacant. The house has been on the renting lists of first one real estate dealer and then another for two years or longer, but it was not rented. Mrs. Green decided that it was time to do something. So she turned up in Howland street unannounced one Saturday morning and tore the agent's notices from the doors and windows. In their place she posted a notice directing prospective tenants to call upon her across the street. In addition to securing a tenant for her vacant house Mrs. Green is occupied with several lawsuits in Boston. But lawsuits never worry her. When they have been disposed of she probably will go to Texas to spend the remainder of the winter. She has vast interests in Texas and moreover, her son, E. H. R. Green, lives there, and "Ned" as she fondly calls him, is the idol of her heart.

TO HASTEN CHURCH MERGER

(Special Tribune Service.)

PITTSBURG, Pa., Nov. 21.—The joint committee on vested interests of the Methodist Protestant church, Congregational and United Brethren churches, began a two days' meeting in Pittsburgh today, the purpose being to take steps to hasten the consolidation of the denominations. The committee on policy also is in session and the committee on creed is to meet at an early date. When these committees have finished their work the union will become an accomplished fact under the name of the general council of the United churches.

SMART NAVAL WEDDING

(Tribune Special Service.)

NEW YORK, Nov. 21.—The Jesuit church of St. Ignatius Loyola was the scene today of a smart naval wedding when Miss Rose Sadler, daughter of Mrs. William Sadler, became the bride of Lieut. Henry Charles Dinger of the United States battleship Indiana. The maid of honor and bridesmaids include young women of fashionable society from Boston, Washington, Rochester and other cities out-of-town. The best man and ushers were fellow officers of the bridegroom.

GEORGIA D. A. R.

(Tribune Special Service.)

COLUMBUS, Ga., Nov. 21.—The Georgia organization of the Daughters of the American Revolution convened in annual meeting here today. Delegates from the local chapters in Savannah, Augusta, Macon, Atlanta and other cities of the state are in attendance. An elaborate program of entertainment has been arranged for the visitors by the two local chapters of the society.

FOR EGYPTIAN ART OBJECTS

(Tribune Special Service.)

NEW YORK, Nov. 21.—Albert M. Lythgoe, who has been appointed curator of the new department of Egyptian art of the Metropolitan Art Museum, sails on the Baltic today en route for Egypt. The purpose of his trip is to make purchases of Egyptian rare objects and antiquities. He will spend several weeks in London and Berlin purchasing equipment for his work in Egypt, which will extend until about the middle of May.

OKLAHOMA CORN CARNIVAL

(Tribune Special Service.)

OKLAHOMA, CITY Okla., Nov. 21.—The bumper corn crops that the new state of Oklahoma is raising are illustrated in the great corn carnival which was formally inaugurated in this city today after weeks of preparation. Merchants are vying with one another in the picturesque decoration of their establishments in honor of the celebration. Corn and corn stalks are to be seen at every turn while at night the streets are to be aglow with electrical illuminations.

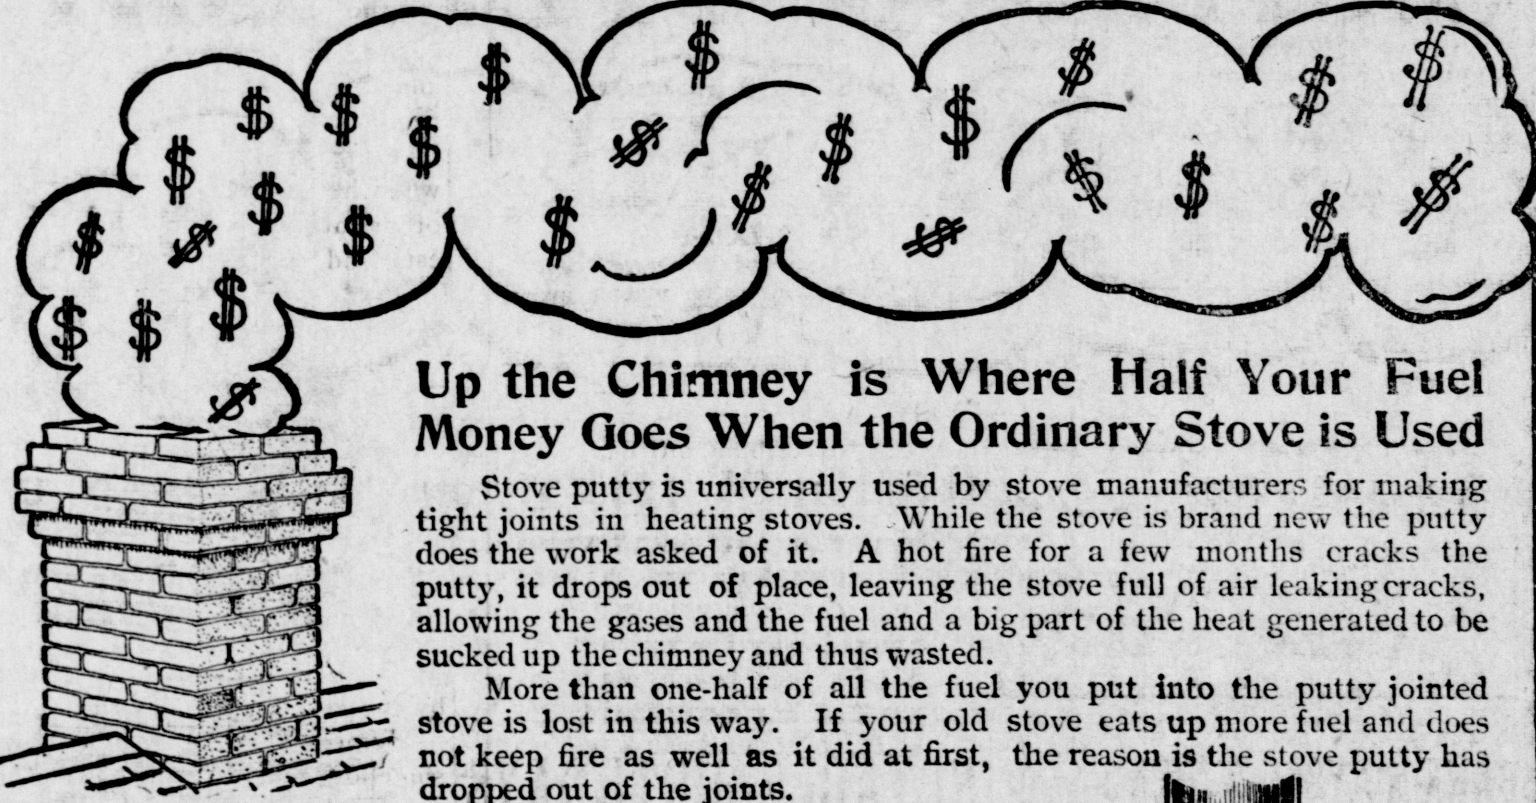

The celebration is to cover a period of several weeks, during which time there will be a long list of attractions. In addition to the regular carnival entertainment there will be a live stock show, poultry show, athletic contests and several large conventions. Present indications point to the largest crowd of visitors ever entertained in Oklahoma City.

ARIZONA CLUB WOMEN

(Special Tribune Service.)

PRESCOTT, Arizona, Nov. 21.—The club women of Arizona assembled in Prescott today for the fifth annual meeting of their territorial federation. An attractive program of reports, papers and discussions has been prepared for the gathering, which will be in session until Saturday.

THE PUTTY QUESTION

Up the Chimney is Where Half Your Fuel Money Goes When the Ordinary Stove is Used

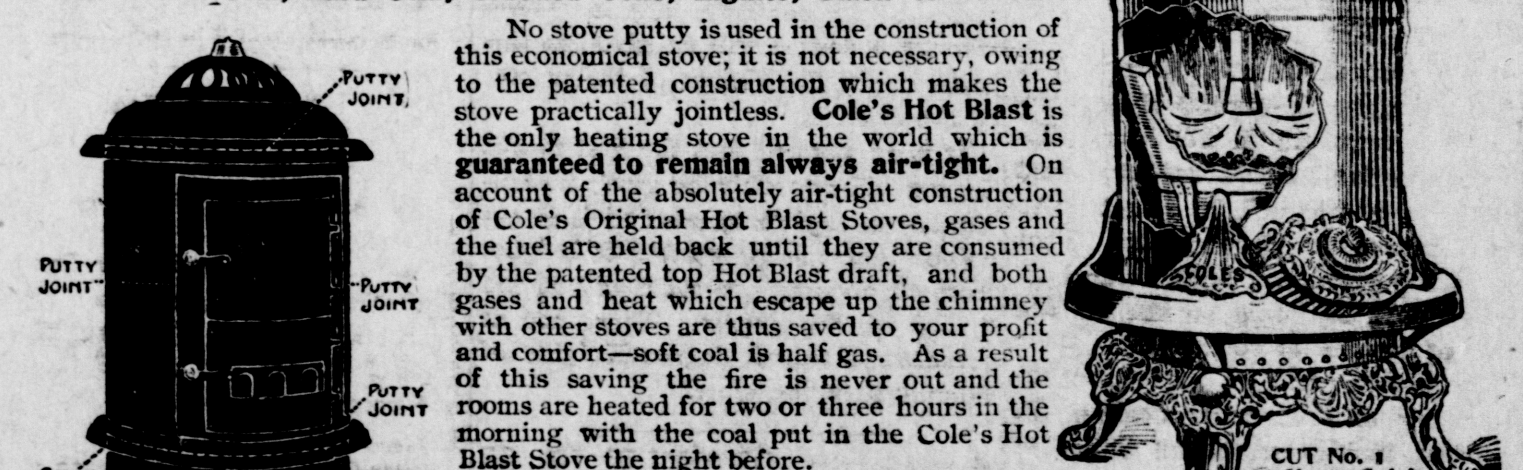

Stove putty is universally used by stove manufacturers for making tight joints in heating stoves. While the stove is brand new the putty does the work asked of it. A hot fire for a few months cracks the putty, it drops out of place, leaving the stove full of air leaking cracks, allowing the gases and the fuel and a big part of the heat generated to be sucked up the chimney and thus wasted.

More than one-half of all the fuel you put into the putty jointed stove is lost in this way. If your old stove eats up more fuel and does not keep fire as well as it did at first, the reason is the stove putty has dropped out of the joints.

Cole's Original Hot Blast

Stove Saves all Fuel and Heat Wasted by
Other Heating Stoves

Burns Soft Coal, Hard Coal, Crushed Coke, Lignite, Slack or Wood.

No stove putty is used in the construction of this economical stove; it is not necessary, owing to the patented construction which makes the stove practically jointless. Cole's Hot Blast is the only heating stove in the world which is guaranteed to remain always air-tight. On account of the absolutely air-tight construction of Cole's Original Hot Blast Stoves, gases and the fuel are held back until they are consumed by the patented top Hot Blast draft, and both gases and heat which escape up the chimney with other stoves are thus saved to your profit and comfort—soft coal is half gas. As a result of this saving the fire is never out and the rooms are heated for two or three hours in the morning with the coal put in the Cole's Hot Blast Stove the night before.

Save \$50.00 to \$200.00
Other style stoves and all imitations of this Original Hot Blast are made with stove putty joints, and when you stop to think that \$1.00 saved on the first cost of the stove means the loss of \$50 to \$200 in fuel during the life of the stove, you will readily see the advantage of buying Cole's Original Hot Blast, which holds fire just as well and is just as economical in fuel after years of use as the first day it was put up.
REMEMBER that the words "Cole's Original Hot Blast from Chicago" appear on the feed door of the Original Patented Hot Blast stove. None genuine without this.

"Civilization is the eternal sacrifice of one generation to the next"; and, in a smaller way, this is true—as in store-keeping, where a portion of today's profits pay the tax (the publicity cost) on tomorrow's bigger profits—and these, in turn, feed and nurture and lift the enterprise to greater strength and security.

BANK PAYS DIVIDEND OF 400 PER CENT

NEW YORK, Nov. 21.—Directors of the Chase National bank, one of the great Wall street institutions, have declared a dividend of \$4,000,000, being over 400 per cent of its present capitalization. While the sum will be paid in cash, the stockholders will subscribe immediately to a similar amount of new capital which was authorized Nov. 12.

This action on the part of the bank is in line with similar steps taken by many of the large banking institutions following a ruling made by the comptroller of currency. This ruling limited the amount to be lent to one borrower to a fixed percentage of the capital stock. The consequence was that many banks immediately began to increase their stock.

The capital stock of the Chase National bank Nov. 12 was \$1,000,000, and the surplus, \$5,000,000. The net profits were stated as \$1,136,980. From the surplus \$4,000,000 is to be taken as a cash dividend and applied to the capital stock leaving \$1,000,000 to the surplus account, to which is added the net profits. These two amounts will supply \$2,136,980 to the \$4,000,000 surplus of Dec. next. The deduction is made that the Chase has concealed assets, such as the case in the First National bank readjustment of capital a few years ago, when a dividend of approximately 2,000 per cent was declared.

NOTABLE BIRTHDAYS

Charles A. Towne

Charles A. Towne, who left Minnesota politics to identify himself with Tammany Hall, was born in Michigan, Nov. 21, 1858. He is a graduate of the University of Michigan. In 1900 he removed to Duluth and five years later was elected to congress. He at once attracted the attention of congress and the people by his oratory and his advocacy of free silver. He left the republican national convention in 1896 because of the gold standard plank. The same year he was nominated by the democrats and populists as their candidate for congress, but was defeated. Three years later he was again nominated by the fusionists and was again defeated. In 1900 the people's party national convention at Sioux Falls nominated Mr. Towne for the vice-presidency, and the national convention of the silver republicans at Kansas City did likewise. Mr. Towne declined both nominations. Later in the same year he was appointed United States senator to fill the unexpired term of Senator Cushman K. Davis. Soon after his term in the senate expired Mr. Towne removed to New York city, where he has since taken an active part in democratic politics.

REFORM OR REVOLUTION? ASKS SCHURMAN

NEW YORK, Nov. 21.—Dr. Jacob Gould Schurman, president of Cornell university, in an address delivered in Old Trinity, attacked the present industrial system and declared that unless something was done for the wage earner by the big capitalists the end would be social revolution. The address was listened to by a big gathering and was given under the auspices of the Seabury society. Dr. Schurman's remarks created a sensation. He said in part:

"Steam, electricity and consolidated capital are in our own days eliminating the small producer and the small trader. The chance of young men becoming independent producers and traders, when business is conducted on the scale of millions, instead of thousands or hundreds of dollars, is vastly less than it was in the time of our fathers.

"Has man no power to protect himself against this supposed natural tendency? Assuredly he has. There are remedies within his reach which he may use at any time and which it may be prudent to use for extirpating the existing evil before it becomes more malignant and more general.

"In the first place, trusts which are monopolistic and oppressive may be deprived of the advantages which they now enjoy as a result of tariff or other legislation.

"I take it that the American people are committed to the policy of protection. But no economic or political program can long be used as a shelter for injustice or oppression of the people, and if any tariff schedule does actually enable a trust to exploit the people for its own enrichment that tariff schedule is doomed, no matter how much talk there may be of the sanctity of the tariff or the solemn duty of standing pat.

"No doubt governmental interference with business is bad, but worse still is it for the government to stand supinely by while combinations of individuals use the name of business to oppress the public.

"Mr. Hughes' investigations demonstrated in the high places of business a shameless disregard of morality, honor and fidelity to sacred obligations and trusts. At the same time the legal officials and the judicial tribunals of the states and of the nation have been furnishing similar presentations of the immoral practices of other large companies and corporations, notably the public service corporations and the corporations dealing in the necessities of life.

"The wage-earner, feeling himself and his children doomed to poverty, rises in rebellion against the economic system which makes such things possible. He protests that capital gets too large a share of the product which laboring men create. His remedy, when he has a remedy, is confiscation of private capital in the public interests and the establishment of a socialistic state, in which all shall work and all receive compensation in proportion to their deserts.

"The masses of wage-earners are, I believe, in angry revolt against the vast inequalities which the present economic system produces. Shall the end be socialism, revolution, or what? For remember that these discontented classes may easily constitute the majority of our voters, and that in this republic policies are determined by the vote of the majority.

"Somehow—I know not how, but somehow—the organizers and financiers and managers of our most modern establishments of production and transportation must devise a method whereby the men whose labor builds them up shall become shareholders in the enterprises. The present discontent and rankling sense of injustice must be got rid of if our economic and industrial system is to survive."

RUN ON BANK STARTED BY CHANCE REMARK

CHILLICOTHE, Ohio, Nov. 21.—A careless remark made by some citizen unknown to the police started a run on the savings bank in this city. It began at noon and continued until late this evening. Women, children and men quit their employment and ran to the bank to withdraw their savings. One depositor said he saw a statement of the closing of the doors of the bank published in one of the evening newspapers. It was discovered, however, that he saw the bank's semi-annual statement, which read balance on hand at close of business Nov. 10, and he considered that it meant the bank was to quit business. There is said to be absolutely no cause for the run, as the institution is one of the strongest state banks in Ohio.

Experiments show that a cow, when in full flow of milk, drinks from 1,500 to 2,000 pounds of water a month, the average quantity, determined by testing a herd, being 1,660 pounds for each cow.

TEXAS CLUB WOMEN

(Tribune Special Service.)

EL PASO, Texas, Nov. 21.—The Texas Federation of Women's clubs opened its ninth annual convention this morning in the Christian church. Mrs. Cone Johnson, presiding. The large attendance indicated an unusual degree of interest, aroused in part by the election of officers and partly by important questions to receive attention. The roll call showed delegates on hand from Denison, Dallas, Sherman, Fort Worth, Galveston, Houston, San Antonio and other cities throughout the state.

The invocation was by Rev. E. M. Weiss, and greetings were extended by Mayor Davis and others. Mrs. W. A. Callaway of Dallas responded. The afternoon was taken up chiefly with the reports of officers and committees. The president delivers her annual address tonight and Mrs. Sarah Platt Decker of Denver, president of the general federation, is also slated for an address.

WADE HAMPTON IS HONORED

(Tribune Special Service.)
COLUMBIA, S. C., Nov. 21.—The equestrian statue of General Wade Hampton, a tribute to the memory of the famous statesman, warrior and patriot from the state of South Carolina, was unveiled in the presence of an immense assemblage that included visitors from all parts of the state. The statue is placed in the capitol square.

The unveiling was preceded by a large parade of military and civic organizations. The gray uniforms of the veterans, the rattle and clatter of the horses, and the marching militiamen served to tint the procession with just enough martial color to make it form a fitting preliminary to the unveiling of the bronze monument to the famous leader of the "men of Hampton."

Gen. M. C. Butte, who was a follower of Gen. Hampton in both war and politics and one of his sincerest admirers, delivered the oration at the unveiling. His address was a sincere eulogy of the character, devoted loyalty to country and home and the courageous qualities of the hero whose statue served to inspire the sentences. Other brief speeches were delivered and the program was appropriately interspersed with music and closed with a salute of artillery.

The statue is the work of the well-known sculptor, F. Wellington Ruckstuhl. It is a massive affair of bronze and represents the famous cavalry leader as he appeared in the days of the war. Adorning the granite base are bronze tablets bearing the following inscriptions:

Erected by the State of South Carolina and Her Citizens to General Wade Hampton. Governor of South Carolina 1876-1879. United States Senator 1879-1891. Bentonville, Brandy Station, Sappington Church, Cold Harbor, Hawes' Shop. Born March 18, 1818. Died April 11, 1902. Erected A. D. 1906. Commander of Hampton Legion. Lieut. Gen. C. S. A. Thevilian, Seven Pines, Burgess Mill, First Manassas, Gettysburg.

ESCAPES FROM DEATH IN FIRE

WINONA, Minn., Nov. 21.—The residence and contents of a house on the Minnesota City road about two miles from this city owned by Mrs. Josephine Plapp, was totally destroyed by fire at an early hour Tuesday morning.

The fire was discovered when Mr. Plapp came down this morning to build a fire. The roof was then in flames, and it was only with great difficulty that Mrs. Plapp and the children were saved. The loss is placed at \$1,000, partially covered by insurance. The origin of the fire is unknown.

A small fire this morning in the new concrete plant of the Union Fiber company caused by a spark from the shredder getting into some flax fiber, caused a loss of over \$100.

SAY PEARY MISTREATED MEMBERS OF CREW

OTTAWA, Ont., Nov. 21.—Charges of Peary's mistreatment of his crew, of hardships imposed unnecessarily on the passage south, beside which the sufferings of the frozen north were as nothing; of filthy quarters—in short, a general criticism of the man who has pushed farthest north, is contained in a letter from one of the Roosevelt's crew which has been received here.

J. Shortall is the complainant. He wrote his letter on Oct. 22 at Hopedale. It was forwarded on the ship Virginian Lake to Sydney, N. S., where it was mailed to friends in Ottawa.

Shortall writes that conditions had become so bad when they reached Hopedale that the mate, four sailors, and four firemen refused to go further on the ship, which was leaking badly through its crushed stern.

The Roosevelt had slung its third rudder, which was but a poor makeshift. Two rudders were carried away on the down passage. When the vessel got to Hopedale there was only one pintle in its rudder. The crew objected to going further in it, fearing it would be lost.

The crew had little to eat and was living in squalor, Shortall said. Their experiences were far worse, he wrote, than the hardships they endured in the polar regions.

The men wanted a survey on ship, but Commander Peary and Capt. Bartlett would not harken to this or to the men coming home on the Virginian Lake.

Shortall says they had the hardest time on the voyage of any crew that ever was afloat. A recital of their hardships would fill a book. He declared that none of them would go north again under any consideration.

One of the crew of the Virginian Lake who boarded the Roosevelt at Hopedale stated the crew told him it had three boilers when it left Sydney, but before it reached Greenland two of them burst.

The crew also said the ship was anything but strong. It was totally unfit for arctic work, and, as one of them put it, "after getting into heavy ice it used to go together like an accordion playing music." The Roosevelt, it is said, is altogether too slight for forcing its way through floes to the pole.

On the way north the men said that they lunched part of the stores, Peary telling them that in fifteen months there would be a relief ship sent to them. But such a ship never came. Since August last, they said, they have been living on two meals a day.

They criticised Peary in the strongest terms possible and said they would not undertake such a voyage in such a ship again for all the money in the United States treasury.

PRISONER TRADES WITH JAILER

VANDALIA, Ill., Nov. 21.—While Jailer Suddith was building a fire in a big stove in the jail corridor "Long" Jones, the only prisoner, who had hid in one of the upper cells last night, made his escape, locking the big doors behind him, and taking the keys. The jailer was not aware of Jones' escape until he found himself locked in. After much difficulty he broke the lock and got out. This is Jones' second escape from this jail.
